## ELK LAKE WORK COMES TO STOP

Pending Decision by City Council on Policy of Completing Links

The work at Elk Lake watershed has stopped, in connection with the development of the property for golf links.

In making this announcement City Engineer Preston stated that as soon as the contract of Jones & Rant was finished, and the last progress payment had been made, nothing remained to do except to leave the charge of the work in the hands of a caretaker, pending decision by the City Council.

It is now four weeks since the council paid its visits to Elk Lake and inspected the work thoroughly. Aldermen were then told that the contract had almost run its course, and the announcement of the suspension of work will therefore occasion little surprise.

The estimate to render the nine holes prepared suitable for play is so large, swollen as it is by the pumping plant to be used also for the proposed hotel, that the aldermen have so far shown no disposition to deal with the matter. If the council should proceed, early action is necessary, as the work already done will rapidly deteriorate. The subject must come up shortly in estimates committee.

### OBITUARY

The remains of the late Henry Berger who passed away at the Royal Jubilee Hospital last Thursday will be laid to rest in the Jewish Cemetery, Cedar Hill Road, to-morrow afternoon. Service will be held at the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock, when the Rev. Dr. Friedlander will officiate.

Service for the late Mr. George Wm. Harris was conducted Saturday afternoon at 2 o'clock in the chapel of the B.C. Funeral Company, by the Rev. H. V. Hitchcock. There was a very large gathering of sympathizing friends and relatives and the casket and hearse were covered with an abundance of beautiful floral offerings. The hymns "Rock of Ages" and "Peace, Perfect Peace" were sung. The following acted as pallbearers: Messrs. J. G. Brown, T. Ash, E. Hunt, C. James, C. Pointer and R. Carter. The remains were laid to rest in the family plot at Ross Bay Cemetery.

The remains of the late Mrs. Jane Minty, who passed away at the family residence, 304 Russell Street, Victoria, on Wednesday morning, were laid to rest in the family plot at Ross Bay Cemetery Saturday afternoon.

Service was held at the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock, when the Rev. W. Leale Clay, D.D., of St. Andrew's Presbyterian Church, officiated. The hymns sung were "Lead, Kindly Light" and "Abide With Me." Mr. Lawton Partington presided at the organ, and Mrs. S. M. Morrison acted as soloist. The service was unusually large attendance of sympathizing friends present at the service and many beautiful floral offerings. The local lodges of the Macacces turned out in a body to pay their last respects to a departed sister. C. F. Bandfield, King's Printer, from the Victoria West Brotherhood, was present at the service. The following acted as pallbearers: Messrs. P. Bhandley, William McDonald, William Sloan, J. Key, F. Tate and D. Campbell.

The funeral of the late Lenard Heide took place Saturday afternoon at 2 o'clock from the Bands Funeral Chapel. Relatives and many friends were in attendance and the floral tributes were many and beautiful. Rev. Dr. Campbell officiated and the hymns sung were "Rock of Ages" and "Nearer, My God, to Thee." The pallbearers were Messrs. W. H. Pepper, George Patton, W. J. Edridge, J. Burness, F. Steltz and N. K. Nelson. Interment was made in Ross Bay Cemetery.

### RETAILERS MEETING

At the annual meeting of the Retail Merchants' Association this evening at the Dominion Hotel, H. W. Schell, one of the organizers of the R.M.A., Horace E. Sykes, and W. F. Norris of Nanaimo, will address the gathering. The meeting will be thrown open to the public, who are invited cordially to attend. The speakers of the evening are to furnish the local retailers with a great amount of valuable information.

## ROLAND BONAPARTE DIED IN FRANCE

Was Son of a Brother of Napoleon; Sixty-Six Years of Age

Was a Sincere Republican Geographer, Explorer and Ethnologist

Paris, April 14.—Prince Roland Bonaparte died to-day after a long illness, aged sixty-six.

The only son of Pierre Bonaparte, whose father was Napoleon's second brother, Prince Roland was in order of precedence the head of the Bonaparte family. Because of a marriage displeasing to Napoleon, Roland's grandfather and his issue were cut off from the imperial family throne. Prince Roland was never seriously concerned with royal aspirations, as he was an earnest republican.

Prince Roland was widely known as a geographer, explorer and ethnologist.

Deasy Retires as Indian Agent

(Continued from page 1)

years. During that time, he was in the employ of the Dominion Government, under the late Sir Joseph Trutch, Dominion Government Agent, while the Canadian Pacific Railway was constructing the line through the Northwest. After leaving the Dominion office, he was employed on the Times for three years and then took over the position of Chief of the Fire Department, to which position he was elected by the property owners of the city, receiving twice the number of votes accorded both of his competitors.

PIONEERING  
After fifteen years, as Chief, he resigned and went to the Kootenay country, remaining there three years.

During the term of Indian superintendent, the late A. W. Vowel, Mr. Deasy was in the Victoria Office for three years, and was in charge of the Indians in various parts of the Province. After a year spent in Indian Agency in the Northwest, he returned to the Victoria office.

"It would be impossible," says Mr. Deasy, "to give any idea of the experience gained in the life-long pioneering on the outskirts of civilization. In my young days, when I read with great avidity the stories of Kit Carson, Buffalo Bill and others, who met with and associated with the Indians, I had no idea that my course would be to care for the natives of this country, after the exciting years of saving the lives and property of people of my own race. However, it appears that one is not master of his actions, and undertakes things he has not bargained for."

Mr. Deasy has a number of old associates and relatives, who served with him in the days of old. The pioneers have been dropping off, one after another, and he is left, in any portion of the Province, of those who held office and aided in bringing about the changes we now see surrounding us.

"It was my lot, to leave the cities and towns, as others followed, and to continue pioneering, in the present. The advancing tide of immigration is now setting in, on the Queen Charlotte Islands. We have been isolated for many years, but the natives progressed, until they now have the two principal cities on the islands, with town councils and all the conveniences found in settlements of white residents of other portions of the Province. Their schools have been practically Home Rule in their reserves electing their chief councillors and councils by ballot annually. At the last election, Mr. Deasy did not find a spoiled ballot paper in the ballot box."

HAIDA'S PRAISE  
"If there is one thing of which one should feel a little vain, it is the fact that the Haida Indian has been charged with a criminal offence during the whole of my term of fourteen years with them. They have been law-abiding and have adopted the Christian religion—one and all, and are very earnest in their endeavor to progress. I regret very much, that we should have a man of their race, who should make room for others, and it is about time that we should have a respite from a life away from relatives and friends. I leave the public service after half a century of active employment, and am pleased to say that I have many letters of regret from those who directed me, including the Deputy Superintendent General, the Secretary of the Department and the B.C. Commissioner, who were all in office during my term as Indian Agent. The Indians are showing many marks of appreciation, which makes it difficult to leave them after so many years on the islands, and remaining with them longer than any other whites. They now have doctors, nurses, school teachers and their respective departments on each reserve, and we should have a respite from a life away from relatives and friends. The Indians are showing many marks of appreciation, which makes it difficult to leave them after so many years on the islands, and remaining with them longer than any other whites. They now have doctors, nurses, school teachers and their respective departments on each reserve, and we should have a respite from a life away from relatives and friends. ## FARMERS READY TO LEND MACHINERY

### Federal Land Settlement Branch Finds New Way of Aiding Immigrants

Ottawa, April 14 (Canadian Press)—The problems of intending farmers who arrive in Canada with little or no capital are occupying the land settlement branch of the Department of Immigration just now. A statement issued by Hon. J. A. Robb says recent surveys of the situation in Canada have disclosed that in many communities there are farms equipped with habitable buildings which can be had on very nominal first payments or without any cash deposit at all.

In many cases there are settlers in the same district who are willing to lend machinery to newcomers in exchange for labor. By taking advantage of these circumstances it is believed the road will be opened to a considerable number of British and European settlers with a knowledge of agriculture who find themselves with little capital at this time.

#### BEST CHANCE

The land settlement branch of the Immigration Department was recently organized to direct new settlers to lands where they have the best chance of success and to safeguard them from exploitation in the purchase of land and to facilitate the placing of immigrants of both sexes in farm employment.

The statement of the Minister of Immigration says the interest of the land settlement branch will not terminate when the settler is satisfactorily located, but it will continue to exercise friendly assistance as long as needed. It is particularly emphasized that the scope of the branch extends to all Canada, not merely to Western Canada.

#### NEW CANADIANS

One peculiar problem confronting the land settlement branch is the disposition of settlers as they may have difficulty in adjusting their life with people of their own tongue and race and yet to diffuse European settlers in such a way as to secure their absorption into Canadian life and their understanding of the Canadian point of view.

The branch is listing lands available for sale and advisory settlement boards are being formed in many districts to pass on the suitability of the lands and assist the department in fixing a fair price for them.

Those boards also will promote community welfare work, trying to prevent the oversettling of any particular district and to provide a helpful medium for settlers.

#### WELFARE WORK

Through the branch's field staff special impetus will be given to community welfare organization, says Mr. Robb's statement, "and every endeavor will be made to extend to the new land settlers not only a friendly welcome, but practical guidance in initial operations to overcome the inevitable difficulties awaiting the newcomers. This guidance and direction will be continued as long as it is found necessary. It is to be a real service organization, permeated with a desire to assist the incoming settlers and to make them, as speedily as possible, into prosperous Canadian citizens. Permanency of settlement of the immigrants is the key-stone of the policy."

The land settlement branch recently formed will be a new factor in the solution of farm employment problem. The branch will make a survey of farm labor requirements and seek to meet them by placing immigrants, as well as directing the settlement of immigrants who wish to take up their own farms on arrival.

#### LABOR NEEDED

Field officers of the land settlement branch will seek to place to the best advantage all immigrant farm laborers and an immediate result of initial surveys by the branch is that it has more applications from Canadian farmers for laborers than it is able at present to supply.

The branch will see particularly to placing advantageously those who come to Canada under the nominated passage scheme. A considerable movement of Britishers to Canadian farms is anticipated within the next six weeks. There is also in evidence a considerable immigration from the Irish Free State, which will share in the reduced rates arranged from Great Britain and Ireland to Canada. The Irish Free State, being a separate country within the British Empire and not affiliated with the British Government in the financial arrangements for carrying of the British-Canadian nominated passage scheme, does not come within the provisions of the nominated passage.

## LIVERPOOL AUDIENCE TO HEAR CHURCHILL

### Ex-Minister to Address Conservative Workingmen on "Dangers of Socialism"

London, April 14 (Canadian Press Cable)—Winston Churchill has accepted an invitation to address a meeting early in May in Liverpool, under the auspices of the Liverpool Workingmen's Conservative Association and the Women's Unionist Federation on the dangers of the Socialist movement.

The invitation was sent to Mr. Churchill by Sir Archibald Salvidge, one of the stalwarts of the Lancashire Conservative Party who was among the strongest critics of former Premier Baldwin for holding a general election at an inopportune moment and without consulting prominent members of the party, not members of his Government. It is considered a significant political move on the part of Sir Archibald.

The invitation conveyed the opinion that the views of Mr. Churchill on the Socialist movement not only harmonized with those held by the Unionists of Liverpool, but that there was little if any difference regarding his views personally. Mr. Churchill, in accepting the invitation, stated that whatever the differences between the party, they were not comparable to the gulf separating them from Socialism.

## WOMAN ADMITS SHE KILLED MAN

### Los Angeles Real Estate Dealer Shot a Physician; Body Found

Los Angeles, April 14.—Mrs. Margaret B. Willis, a middle-aged real estate dealer, walked into the central station here early yesterday, according to the police, and said she had shot and killed Dr. Benjamin Baldwin, a Los Angeles physician, kept his body in a trunk in her home for two days and then hurried it over an embankment north of here.

After concluding the confession, police said, the woman asked for a cup of coffee. It was given her, and thus refreshed she led officers to a spot on the highway near San Fernando where it is alleged the doctor's body was found half way down the embankment, partly protruding from a wardrobe trunk.

In her statement to the police Mrs. Willis is said to have claimed Dr. Baldwin made improper advances to her in her apartment Friday morning and that she shot him in a struggle.

## TO BUY LARGE FARMING AREA

Baron Lago and F. Gwiewosse to Bring Settlers to Canada From Poland

St. John, N.B., April 14.—With a view to ascertaining the conditions in Canada and, if they find them satisfactory, deciding on the purchase of large tracts of land, Baron Lago and F. Gwiewosse of Poland arrived here yesterday on the Canadian Pacific steamship Montserrat. They expressed a desire to locate in Canada and develop mixed farming on a large scale, and said they had many skilled farmers and engineers who would come here to work if they should succeed in finding desirable lands.

## TOURISTS COMING FROM CALIFORNIA ARE NOT DELAYED

Vancouver, April 14.—Washington and Oregon officials are getting together to overcome the difficulties arising from the outbreak of foot and

mouth disease among livestock herds in California in so far as they affect northbound travelers and the Vancouver Publicity Bureau, when it resumes its advertising campaign in the South on Wednesday, will make special reference in its copy to the fact that travel is no longer interrupted. Fred Cron, chairman of the bureau, stated he would to-day receive final word of the arrangements made at the border and would immediately set about counteracting the harm already done by the embargo.

The wise man buys necessities before a crisis. The wise merchant follows that plan in buying advertising. He concentrates his appropriation on newspaper space. When the time comes when he can afford to spend more money for other forms of publicity—which usually comes "too late" in an advertising way—he may yield to the temptation. But he will not expect such expenditures to return him any profits whatever—and they will not.

TRIBES OF ARABS FOUGHT OVER WELL

Clash in Palestine Resulted in One Death; Eight Wounded

Jerusalem, April 14.—The old quarrels over water wells in the time of Abraham, as recorded in the Bible, were recalled by a serious quarrel which broke out Saturday between two Arab tribes in the neighborhood of the village of Valdal. In the dispute over the rights to the only well of water in the vicinity, the two tribes engaged in a battle which resulted in the death of one person and the wounding of eight.

The authorities have sent a force of police into the district.

## BRINGING THE FARMER BACK AS A BUYER

UNFORTUNATELY for tariff propagandists the annual statements of the harvester companies, which revealed such heavy losses and in one case bankruptcy, came out before the budget reductions were even announced.

One company in a Quebec centre has been down and out for months. All sorts of efforts to revive it have been reported, including an unsuccessful attempt to have Henry Ford assume it. Now the propaganda is going out that this plant has gone down, literally scared to death, because of the duty reductions decided on last week.

The harvester companies in Canada have been hard hit like many other businesses because the farmer has not been buying. The farmer has not been buying because he could not afford it.

The Dominion Government's tariff and taxation changes are aimed at bringing about a readjustment so that the farmer, who is the chief purchaser in this country, will come back into the market again. Until he is brought back into the market, prosperity will continue to be on the lean side for other businesses and industries as well as the farm machinery business.

## GOVERNMENT OF THE PROLETARIAT?

IT has been heralded as the Government of the proletariat, but London is beginning to realize just how conventional after all the Labor Ministry is in its personnel.

Anything less like the proletariat as imagined in the nightmare of wealthy men could scarcely be conceived, says Mr. C. F. G. Masterton, a Liberal member and a minister in one of the Asquith Cabinets. It calls itself sometimes a Labor Government and sometimes a Socialist Government, but it seems to consist in the main of labor men who repudiate socialism and of socialists who have no claim to speak for labor.

An analysis of the cabinet of twenty men shows that one-quarter belongs to the wealthy class: Lord Parmoor, Lord Haldane, Lord Chelmsford, Mr. Noel Buxton and Mr. Charles Trevelyan. Another quarter belongs to the comfortable bourgeoisie, who possess private fortune or have obtained it through their wives: Mr. Ramsay MacDonald, Sir Sydney Olivier, Mr. Sidney Webb—a society host for twenty years—Mr. Philip Snowden and Col. Josiah Wedgwood. A third quarter is of the comfortable middle class: Mr. Clynes, Mr. Henderson, Mr. Thomas, Mr. Harcourt and Mr. Jowett. The remaining minority consists of Mr. Steven Walsh and Mr. Tom Shaw, representing the conservative Lancashire trade unions, Mr. Adamson, representing the moderate influence among the miners distinguished from the left wing under Mr. Smillie, Mr. Wheatley, a small Glasgow publisher, and General Thomson, a theoretical radical.

"I do not see the pillars of society shaken, or any reason why rich men should not sleep at night, or why the middle classes, who were to be the special victims of Karl Marx and his followers, should feel any trepidation at the coming into office of such a Government as this," Mr. Masterton says.

## RACING THE ENGINE

DR. OTFRIED FOERSTER, professor at Breslau University, who was called to Moscow to attend Lenin and was at his side as physician during the two years before his death, has published an article dealing with the Russian dictator's illness. It was arteriosclerosis, or hardening of the arteries, which carried him off after paralyzing parts of his body. To Lenin's abnormally heavy responsibilities and the life of constant excitement he had led, Dr. Foerster attributes the development of the disease. Lenin had performed an astonishing amount of work under great physical disadvantages. During the years of exile, he was under continual espionage and after 1917 when he became virtual ruler of Russia he bore the burden of an uninterrupted succession of new responsibilities and difficulties. So insistent were the demands upon his time, the doctor says Lenin told him, that for weeks and months he had scarcely two hours out of the twenty-four for sleep.

The cases of Lenin and Stinnes, the German industrialist and billionaire, who, still young in years, died last week, killed by work and worry, are typical of those of thousands of less prominent men of will-power and energy who become immersed in their own or the world's affairs. Under the spell of ambition or achievement they race the machine which is their body so that it is ready for the scrapheap before its time. They never take their foot off the accelerator until it is too late.

The moral, of course, is to take care of yourself while you can. A new body cannot be ordered like a motor car.

"If she were your girl would you help?" That is the only question that requires an answer in the Y.W.C.A.'s appeal for funds for a home of its own in Victoria.

## CHURCH UNION PROGRESS

BECAUSE the bulk of the church's property is in Ontario, it has been conceded that the chief battle over Church Union would be fought out there. Ontario, after heated preliminaries before the Private Bills Committee of the Legislature, has wished the fight on to Ottawa, so to speak, by the action of the Unionists in withdrawing the bill in Toronto to leave it in abeyance for one year until it is seen what Ottawa will do.

Anti-Unionists won the first round of the fight in Ontario when they succeeded in getting the Private Bills Committee, by a vote of thirty-six to twenty-six, to adopt an amendment to the Union Bill providing for the preservation of the three church bodies affected "as separate entities" and giving to any congregation right, by vote, to remain in its mother church and to keep any property it owns. That vote was what induced the Unionists to withdraw the bill in Ontario for a year.

At Ottawa, it is the Unionists who have gained first victory in the preliminaries. Anti-Unionists had made a stand on a technical point, that the rules regarding the time of notice in connection with the introduction of the bill in the House of Commons had not been lived up to. The Standing Orders Committee, however, threw out the objection, with the result that the bill automatically went up for first reading and has never been given second reading and sent to committee.

The legislation, which has been up at Toronto and is now being considered at Ottawa, has to do with the property-holding rights of the United Church. Under the section of the British North America Act referring to property and civil rights, it is required that before the United Church may hold property vested in the various churches through the Provinces, Provincial legislation must be enacted. The Union Bill has already passed through three Provincial Legislatures and will be up for consideration before the others at the next sessions.

If the House of Commons passes the measure now before it, there will still be the fight in Ontario next year; and because the organization of the churches and their holdings are centered there, the other Provinces will probably in a more or less formal way merely follow along the lines of whatever action Ontario takes.

Income tax may not have been cut, but paring the sales and tariff levies is a reduction of the tax on output.

A newspaper reader says he looked in the encyclopedia for a sketch of Johann Salvator, the mysterious scion of Austrian royalty who died recently and had been known as an art connoisseur on this coast. "All it said was 'Salvator—see pulmotor,'" he says. "But I was afraid it was too late for the pulmotor."

With April's indulgence may we quote from Robert Burns:

Now blooms the lily by the bank;  
The primrose by the brae;  
The hawthorn's budding in the glen,  
And milk white is the slae.

The Spring rush this year, according to Eastern reports, is to get bobbed before Easter. Easter bonnets are the cause of the stampede as the new styles will only sit comfortably on a head with the minimum of hair. So the tresses have to go and the barbers reap a harvest.

Queen Victoria is still a fascinating character for writers. Lord Escher and Mr. A. C. Benson are bringing out another book of her letters, some of which, at least, have not been published before. The Daily Mail says that although the Queen wrote in a dull way in her diaries, her letters were quite characteristic and will show her in another light to those who speak of her as the old Stage Coach.

Dominion Trust creditors as a result of a judgment of the Mixed Arbitration Tribunal in London against Werner von Alvensleben, awarding the company which became defunct ten years ago \$157,000, are to get another dividend of ten per cent. One never knows how much of a kick there is left in a dead mule.

## DESIRES AND CONSCIENCE

IT will probably be conceded that it is desirable people should exercise their understandings, and that an intelligent following of custom, or even occasionally an intelligent deviation from custom, is better than a blind and simply mechanical adhesion to it. To a certain extent it is admitted that our understanding should be our own; but there is not the same willingness to admit that our desires and impulses should be our own likewise; or that to possess impulses of our own, and of any strength, is anything but a peril and a snare. Yet desires and impulses are as much a part of a perfect human being as beliefs and restraints; and strong impulses are only perilous when not properly balanced; when one set of aims and inclinations is developed into strength, while others, which ought to co-exist with them, remain weak and inactive. It is not because men's desires are strong that they act ill; it is because their consciences are weak.—John Stuart Mill.

## POOR WOLF!

From Contemporary Portraits, by Frank Harris  
"Alfred Austen once remarked in affected humility that he had to write poetry to keep the wolf from the door."  
"I see, I see," cried the bored listener: "excellent, excellent! You read your verses to the wolf!"

## TO-DAY

Yesterday the way from school  
Seemed very far.  
I slipped along the road  
Swiftly, and the eyes of all the flowers  
Peered at me through the sharp spear grass.  
And strange, distorted men from stumps and shrubs  
Scowled their warnings as I passed.  
The wind sighed softly like a chained child  
Crying for freedom from the forest spirit.  
I ran and often stumbled.  
And the way was long—But to-day  
The woods are still  
I love the rising leaves,  
And soft-coloured violets,  
And the laugh of the Spring.

## Doctor Frank Crane on "Obsession"

(Copyright)

THE most powerful attraction anyone can feel, is that of his own thoughts.

A thought in one's mind can hypnotize him and lead him about by the nose as powerfully as a professional hypnotist could do.

This auto-hypnotism is called Obsession. Everyone of us has experienced it at times.

The curious thing about it is that we are often led to do things we detest and to say things we would not say for the world. Asked to give a reason why we do and say such things, we are stumped. All we can say is that we "had" to do it.

Obsession is at the bottom of most perversions. It is undoubtedly the chief cause of sex perversion.

It is the same sort of thing that draws the victim of a drug habit to keep on doing the thing which he knows will ruin him. The addict to alcohol would not go back to his drink if he could get rid of the tormenting thoughts and unceasing suggestions of his own mind.

We usually say that this is a physical disease and it is his body that craves the stimulant. To a certain extent this may be true. But if the attraction were only physical it could very easily be disposed of. The trouble is that it is mental.

No drunkard is ever cured till his mind is cured. And as long as there continue to come before his fancy the fatal suggestions that lure him to drink, he is not safe no matter what condition his body is in.

It is for that reason that so many alcoholic patients who have taken some sort of cure and have really gotten the alcohol out of their system, drift back to their cups in a little while.

It is the obsession which draws them. And what is true of alcohol is true of other drugs. The great difficulty which the opium taker has to overcome is in his mind more than in his body. It is a simple thing to keep from opium itself. It is a complex, difficult and often impossible thing to keep away from the thoughts of opium.

This explains why it does little good to argue with a perverser. The mind is already convinced and is quite willing to acknowledge the truth of all you may say. You are simply pitting logic against hypnotism.

## The Jesuits' Faith

Simcoe County Is Sacred Ground Because of Their Sacrifices to Christianize a Savage Race

ON April 14, 1638 Father Jerome Lalumant and Father Simon Lemoine, Jesuit missionaries, started from Quebec for the Huron country between Georgian Bay and Lake Simcoe. Father Lalumant, not to be confused with Father Gabriel Lalumant his nephew the martyr of 1649, was the newly appointed Superior of this dangerous mission field. Father Brebeuf, French gentleman of ancient lineage, mighty of frame and brain and purpose, had already labored in this field with short interruption since 1626. So far he had been in charge, but it was now his turn to pass the Christian spirit to accept an inferior position under the orders of a brother missionary, and, for eleven years, he continued his splendid work, until his martyrdom in 1649.

The tale of the Jesuit missions to the Huron country is such as to stir the hearts of anyone who reads it; be he Protestant or Roman Catholic. The former will find enough of magnificent manhood, of superb unflinching courage, of fine romance of human effort to blot out all antipathies of faith or method. For years the heroic Brebeuf walked daily in the shadow of the tomahawk. For years a change of wind, and Indian's dream, a drought, a child's decline might mean his death. Serene he went about his day's routine, neglecting no chance, even in front of murderous accusers, of preaching his Master's crucified and suffering Son. His Master, crucified and suffering, stood before him as a living example of unflinching courage.

Brebeuf's companions, too, were of similar material though he towered above them in stature, in influence, and in endurance. Several came and went, unable to endure, but Brebeuf stayed, the bedrock of the Huron mission.

When Father Lalumant arrived, a man of excellent ability in organization, he saw that the fickle quality of the savages, the nature of the country, and the regulation of the fathers' work needed consolidation. With this purpose he chose an advantageous site upon the eastern bank of the River Wye not far from Gloucester Bay, and close to the spot where now stands the prosperous town of Midland. Here he caused to be erected a fort with walls of stone carrying palisades aloft. At each corner of the square there stood a bastion, masonry below and finished above with timbers beyond the reach of fire in hostile hands. Within the enclosure, spacious indeed for that time and place, there stood the mission buildings—chapel, hospital, refectory, dormitories and the quarters of the hired and voluntary helpers of the order, built of wood but luxuriously founded on stone and mortar. This fortress should be the base and from here should radiate the missions west, south and east. Here in times of danger all could be quickly concentrated, and here the fathers in their leisure might find, every now and then, a home for spiritual retreat.

It was a statesman-like plan and for eleven years it served. Gradually there were sent more missionary fathers, and the work seemed to promise ultimately a glorious success, a savage nation slowly Christianized and civilized, living in better and better organization under the gentle influence of the zealous fathers. Meanwhile there was need for haste. There were souls to be snatched from the eternal flames, one drop of holy water in the sacrament of baptism would suffice, and the fathers were particularly solicitous in this respect with the youngest children, the sick, the aged and the dying. These more often than the others they might reach with the precious water and the sign of the cross, because less disposed to resist, less requiring elaborate and stubborn convincing. But whatever our views upon this burning, simple faith of the Jesuits, there is no possibility of question of the untiring labor, the unshaken devotion of these faithful souls, faithful, many of them, unto death; and even those who were denied their dearest glory, the crown of martyrdom, living many a time for months in the hourly glad expectation of it.

Yet the bright hopes of the Jesuits were doomed. One day in 1649 the ferocious Iroquois fell like the scourge of Heaven on the Huron country and smashed the Jesuits' pious dream with the Huron nation. But nothing can rob the story of our country of an episode of heroism which has made the country of Simcoe an Ontario holy ground.

## STREET CARNIVAL

To the Editor: I read with surprise in your Tuesday issue that the Victoria Day celebration committee have decided to hold a street carnival on Yates Street, on both Friday and Saturday nights, and on Sunday a big musical festival at the Armories. To my mind, this is a grave mistake. Have they considered what the business portion of the city will look like all-day Sunday?

Big bunches of serpentine hanging from every light standard and store sign, and confetti everywhere on the way to the musical festival for citizens and tourists alike to see.

Should this arrangement be persisted in the Victoria Day celebration will receive a black mark from every citizen of Victoria for years to come.

## Reduce Your 1924 Taxes By Instalment Payments and Profitable Interest Earnings

The City Treasurer will accept payment of 1924 property taxes on account at any time, and allow six per cent. interest on all sums so paid. Those with a salary should pay sufficient each month to meet their tax bills before the date when a penalty is added. Those who have the money should pay the whole sum now. Estimate amount of taxes due as 1923; any difference can be adjusted later. Don't wait until the beginning of next winter to pay your taxes, you will need the money for a hundred other things then. Start your money earning the big interest now.

## SCHOLARS TO REPEAT ROBIN HOOD PRODUCTION

Meeting with repeated demands for a second performance the pupils of the North Ward School will stage an adaptation of "Robin Hood" for the second time, this evening. The production was put on by the students on Friday evening before a large audience.

The play is in aid of the funds of the school. The youthful producers have scored an unusually bright success with a very difficult dramatization, and choral parts are especially well-rendered.

The cast includes King Edward I, Kenneth Ingle; Sir Richard at the Lee, Kenneth Kinsman; the Baron of the Black Castle, Ralph Field; the Sheriff of Nottingham, Wm. Lemm; the baron's men, Guy (John Erb), Anthony (Austin Voight); Robin Hood, Eric Philbrook; Robin Hood's men, Scarle (Albie Reynolds), Little John (Harold McCaw), Much

(Everett Dick), Alan-a-Dale (Alex MacLaurin), Friar Tuck (Lloyd Keith); Jock, Jas. Gibson; messenger, Aubin Burridge; Queen Eleanor Muriel Bates; first lady-in-waiting, Jean Currie; second lady-in-waiting, Margaret MacLaurin; third lady-in-waiting, Edith Dea; sheriff's wife, Margaret Otto; Joan, Jennie Smith; Avis, mother of Jock and Joan, Christina Bradford; Maid Marian, daughter of Sir Richard at the Lee, Mildred Tate.

## RETAILERS WILL ASSEMBLE AT BIG ANNUAL MEETING

Efforts to organize a credit branch and collection agency of the Retail Merchants' Association will be made when the members of that body meet to-night at the Dominion Hotel at 8 o'clock for the annual meeting of the organization. Another of the items of business will be the election of officers, in which the new members of the association will have a voice in electing the men who will guide the course of the body for the ensuing year.

Many questions and problems of vital importance will be faced through the year by the merchants of Victoria, and it is only through co-operation and organization that they will be able successfully to combat influences which otherwise might work harm. It is for these reasons that they have been so active lately in organizing the association. Questions such as the trades license and turn-over tax will be dealt with through the year by this body, whose numbers are of such strength that they will demand recognition.

The merchants consider that Victoria, as the capital of the province should have a retailers' association of great strength, since such an organization would mean a tremendous saving of time and energy for the provincial board of the R.M.A., with headquarters in Vancouver. A strong membership in Victoria means that the city will have a large and representative delegation to deal with matters affecting the province generally, and this can only be obtained through whole-hearted co-

## HOLD BENEFIT BALL

Forty years on the active list of the Victoria Police Department was the record reached by the late Edward Carter, park policeman, at the time of his death recently. This evening in the Flagg Street headquarters the Victoria Police Mutual Benefit Association will hold a benefit ball in aid of his widow. The programme will commence at 8.30, and a record attendance is anticipated.

operation and active participation of every member in the work of the association. One of the principle speakers will be Horace Sykes, fire prevention engineer for the Northwest Mutual Fire Association of Seattle. Mr. Sykes will touch on life hazard in connection with fires, and his lecture will be illustrated with lantern slides.

## BOYS' SERVICE

A pleasing feature of the service at Knox Presbyterian Church on Sunday morning was the "Boys' Service."

To distinguish this day from other Sundays, eighteen boys from the Knox C.S.E. group formed a large boys' choir which led in the singing. In place of the usual anthem, Master Joe McCoy very admirably rendered a solo entitled "Looking This Way." The choir of boys also sang the hymn "The King's Business."

Dr. McCoy, the pastor, gave an inspiring address.

## Local Jersey Wins In Milk and Fat Yield For Canada

British Columbia has won another record from the East by the fine performance of Esther Fagin, J. S. H. Matson's seven-year-old Jersey, which in 365 days produced 11,252 pounds of milk with 892 pounds of fat, beating the former leader Cantata Queen, owned by Ed Maxwell of St. Anne's, Que., by two pounds in the record period.

The province has now a long list of Jerseys in the record-producing class. Among them some cows with yields which place them in the very ranks of prize Jerseys. June's Starlight Fern, another member of Mr. Matson's band, holds the second highest fat record in British Columbia as a junior four-year-old in 365 days, and the fifth place in the four-year-old record of all Canada. These are the animals are listed in the R.O.P. among those showing would attract attention among the best milkers of the world.

## "LOGO WEED" IS USED IN CIGARETTES

## Smuggled From Northern Mexico to Users in United States

New Orleans, April 14.—"Marijuana" or "Marijuana" as some spell it, the everyday "logo weed" that formerly grew wild on the deserts of Northern Mexico, is now being cultivated on thousands of acres in that country for sale to addicts of the plant in this country, according to Valdo Santos, arrested here with five pounds of it in his possession. Santos was charged with violating a city ordinance against the sale and possession of the product.

The weed, which Santos said is being sent from Mexico to agents in all parts of the United States for distribution, is smoked in the form of cigarettes and, according to Santos, "the business beats bootlegging because the fines are smaller and I sell it for thirty-five cents a cigarette."

"Authorities say the stuff has almost every known effect upon persons who use it. In some it produces a feeling of exhilaration or grandeur, but instances have been known where it has caused addicts to commit murder."

## LOOK TO VICTORIA AS BUILDING FIELD

## Outside Interests Interested in Apartment House Prospects

Outside building interests are looking to Victoria as a prospective field for building operations. Inquiries received by the Chamber of Commerce show. One letter received from Aid-Millard, Toronto, deals with the prospects of hotel and apartment house construction on Vancouver Island regarding which information is sought. The letter refers to Victoria as a profitable field for building speculation along this line. The company's writer states, "The company has been in the business of building and selling hotels, their activities including the financing of deals on purchases or the erection of new buildings. They undertake the construction of hotels along the most modern methods of hotel construction in this class of building."

Information on the prospects of business for another apartment house building in the city is sought by G. G. Morrison of Santa Fe, New Mexico. Mr. Morrison is the owner of a lot on Government Street suitable for a hotel or apartment house but is awaiting further news before he moves any move towards the erection of a building.

The number of building permits for the first quarter of the year is higher than during the previous quarter last year although the total is lower. During three months 112 permits have been taken out compared with seventy-seven during the same period last year. The total this year is \$93,686 compared with \$200,052 but the wide margin is more than accounted for by the fact that in January of last year one permit was taken out for \$130,000; that for the month of Montreal. No big totals have swelled the figure so far this year, but with the more active operations in bungalows and stores and the Amusement Centre and other work to be done this year's total promises to exceed that of last year.

Extensions to the recently built sawmill of the Canadian Puget Sound Lumber and Timber Co. are to be made. A dry shingle shed is to be built at a cost of \$1,000, the work to be done by the company itself. A permit has been taken out for a garage for six cars for the Vancouver Island Milk Producers' Association.

TACKLES FRENCH FINANCIER—Francis Marsal, who has succeeded M. de Lasterrie in the Poincaré Cabinet as Minister of Finance and who will be forced to bear the brunt of criticisms which will be directed against the policy of retrenchment and taxation to which the French ministry is now committed.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, April 14, 1899

De Koven's comic opera, "Robin Hood," was successfully produced at the Victoria Theatre last evening by an accomplished amateur company.

The Chinese theatre, which had been open each evening throughout the winter, closed this week, and to-night the company will go to Vancouver, where they will play for two months. They will return to Victoria next fall.

The flat has gone forth from Ottawa that like the remainder of the province in which it lies, the Klondike territory is to be a prohibition district.

**An Open Letter**  
584-6 Johnson St., April 7, 1924.

Dear Sir or Madam:

The Red Cross Workshop is a local industry established for the sole purpose of providing employment to disabled soldiers, who, through their war service, are now unable to earn their own living in the open labor market.

At present we are employing thirty disabled men and it takes a lot of work to keep them steadily engaged.

May we take this means of soliciting your support? We supply the shop. We look to you to supply the work. When you give us an order you not only assist in the employment of disabled soldiers who have sacrificed so much for you, but you also receive full value for your money.

Very respectfully yours,  
THE RED CROSS WORKSHOP.

## NEWS IN BRIEF

The University School will stage their annual gymnastic contest and exhibition in the gymnasium at 8.30 o'clock this evening. All parents and friends are invited to attend.

The new car service to Deep Bay, on Sunday afternoon, by extending the run of the Saanichton train on the Saanichton interurban line proved popular yesterday.

So great has been the demand for pictures for publicity purposes of Vancouver Island that the Publicity Bureau is appealing for more photographs of fishing, hunting, golfing, industrial and scenic attractions.

As a tribute to one of the persons who prepared the ball for the flagpole at Beacon Hill Park in December, 1890, the work is again to be entrusted to him before re-erection. He is Livingstone Foster, who is still engaged here in his craft as a tinsmith.

There was a small movement of travel on the early cars on the Outer Wharf and Oak Bay lines yesterday, when the ferry service was inaugurated. However, the San Francisco ferries at 7 o'clock, and the new service was not of much use to persons having business at the wharf.

A feature of the Easter music arranged for Good Friday is the sacred cantata, "Atonement," to be rendered by the St. Andrew's Presbyterian Church that evening in the church auditorium. Jesse Longfield will direct. Several soloists will be heard in addition to the rendition of the cantata by R. Denne Shore.

The young people of the First Presbyterian Church will hold an interesting and unusual entertainment in the church schoolroom this evening, of which a mock trial of a "breach of promise" will be the feature. A special programme of music has been arranged, and included numbers by some of the city's leading artists.

E. S. Estlin, formerly Commissioner of Oil and Gas for the Province of Ontario, will speak in the Knights of Columbus Hall, 302 Government Street, to-night at 8 o'clock. Mr. Estlin has been constantly on the ground for the last three months, checking up the progress of the Empire's oil and gas resources, and his account of that work should be very interesting.

The sale of a grocery business at 2201 Chambers Street and its fixtures is the subject of a suit in County Court to-day between F. W. Bell and G. H. Gaitskell. Plaintiff claims the return of \$100 or its equivalent value for money expended as portion of a purchase price on fixtures which plaintiff claims were not transferred with title. L. E. Mills appears for plaintiff, and T. M. Miller for the defence. The hearing continues.

A very successful concert was held in the Empire's Hall on Tuesday evening under the auspices of the Ladies Aid of St. Paul's Presbyterian Church, Victoria West. There was a large attendance and the programme was well received. The artists were: Mrs. Jesse Longfield, Miss K. Davis, J. Stubbs, K. Jones, B. McDonald, Messrs. Partridge and Jaques. Also a fine male voice choir gave several numbers. Miss Anita Holt, Miss Margaret Miller and Miss Eleanor Barfoot, with accompanists, Miss Barfoot and Professor Littlejohn as accompanists. Every item was of very high order, and was enthusiastically received. A standing vote of sympathy was given by the whole audience to the bereaved family of the late Kenneth McPherson, who had been so closely associated with St. Paul's for many years.

**BACK FROM TOUR OF EASTERN CITIES**

Mr. and Mrs. H. J. Wilson have returned from a visit to eastern cities, and Mr. Wilson has resumed his duties as manager of the Empress Hotel.

The great interest in the East in western development, Mr. Wilson thinks, will be reflected in a large movement of motorists to the Pacific seaboard. The passenger departments of the railways are anxious to provide for a large through movement, and are preparing for a heavy travel in the months of June, July and August.

It is a matter of satisfaction, Mr. Wilson says, to motor travel on the Pacific Highway that the foot and mouth disease restrictions, if they are to be imposed at all, should occur before the movement becomes heavy. Mr. and Mrs. Wilson visited Montreal, Toronto, Ottawa and other cities while in Eastern Canada.

## GOVERNMENT FIRM IN INTERIOR B.C., MANSON DECLARES

Liberals Sure of Present Seats and Will Capture Enemy Territory

New Woman Candidate in Similkameen to be Prominent Figure in Politics

The Oliver Government is solid in the Okanagan country and adjoining constituencies, Attorney-General Manson asserted to-day when he returned here after a tour which took him to the five ridings of Similkameen, South Okanagan, North Okanagan, Kamloops and Salmon Arm.

The event of an election the Government unquestionably can hold its present ridings in the interior, and should be able to add to its strength by capturing some of the territory now held by the opposition," he declared.

The Government is certain to carry Kamloops and North Okanagan again, and will also annex the new constituency of Salmon Arm. He expected that the Conservatives would be unable to carry Kamloops and North Okanagan again, and will also annex the new constituency of Salmon Arm. He expected that the Conservatives would be unable to carry Kamloops and North Okanagan again, and will also annex the new constituency of Salmon Arm.

"On the whole, the Government is much stronger in the interior to-day than it was when it won the 1920 election," the Attorney-General affirmed.

**BARROW CONFIDENT**

Hon. E. D. Barrow, Minister of Agriculture, who has been examining the political situation in the Fraser River Valley, also returned to his office to-day with the confidence that the Government will not be beaten in the districts which he visited. He is confident that he can carry his own constituency in the coming election.

Hon. J. D. MacLean, Provincial Secretary and Acting Premier, left for the mainland last night for a tour of the interior, and will return to Vancouver and Lytton. He will return in a week.

**W. H. D'ARCY WILL MOVE TO VANCOUVER**

Kiwanian and Member of the Chamber of Commerce Promoted

W. H. D'Arcy Jr., a member of the Chamber of Commerce for several years and also a popular member of the Kiwanis Club, has been promoted to the position of manager in Vancouver for the Lake of the Woods Milling Company, succeeding the late J. I. Loutit. Mr. D'Arcy will be succeeded in the position of Vancouver Island manager by A. W. Humberstone, who for the past nine years has been in charge of sales in Vancouver.

Mr. D'Arcy leaves to-morrow for Vancouver and while he will receive the congratulations of his many friends in Victoria on his promotion, he will be much missed in this city. Since he came here six and a half years ago he has been an active member of the Chamber of Commerce and has taken a prominent part in any effort for the good of the community.

He is president of the Victoria Bowling Club and has also held office in the United Commercial Travelers' Association, of which he is still a member.

Mr. D'Arcy has been connected with the Lake of the Woods Milling Company for sixteen years, starting in the mill at Kewatin. He has held the positions of salesman and grain buyer and has always been an authority on the milling business.

For three years he managed the grain elevator for the company at Moose Jaw, previous to which he was on the sales force at Winnipeg.

**NIGHT WITH SHAKESPEARE**

"Night with Shakespeare" is the subject of a lecture which J. Francis Burrill (Felix Penne) of Vancouver, will give in the auditorium of the Chamber of Commerce on the evening of Wednesday, April 30, beginning at 8 o'clock. With the assistance of one hundred beautiful lantern slides Mr. Burrill will trace the early development of the genius of Shakespeare from his childhood, and incidentally sketch the evolution of the stage and stagecraft from Elizabethan times to the present century. A most interesting musical programme will be rendered by the members of the Schubert Club under the capable direction of Frederic King of Fletcher Bros., where tickets are now on sale. Tickets can also be had at Mrs. A. H. Parker's Arts and Handicraft Shop, 612 View Street or by phoning 1470.

**OBITUARY**

The funeral of the late John Richard Lloyd, of Admiral's Road, took place on Saturday afternoon at 2 o'clock from McCall Bros' funeral chapel, corner Vancouver and Johnson Streets. A number of friends attended, giving testimony to the esteem in which Mr. Lloyd was held by his many friends. Rev. Daniel Walker conducted the service, during which "Jesus, Lover of My Soul," was sung. Members of the Welsh Society sang at the graveside. The remains were laid to rest at Ross Bay Cemetery.

**EVENTS TO COME**

The regular educational meeting of the Women's Liberal-Conservative Club will be held in the association rooms, Campbell Building, on Tuesday evening at 8 o'clock. Canon Hinchliffe will address the club, and it is hoped all members will be present.

## SELECTING SITES FOR FERRY HARVARS

Believed Government Will Build For Mill Bay Service

Conferences with members of the Chamber of Commerce committee working for the inauguration of a Mill Bay ferry service to cut off the haul over the Malahat have reached the stage where the members of the committee are optimistic that the Government will agree to construct the wharves, subject to a guarantee that they will be rented for a period of not less than five years. This, combined with the fact that a boat will be available for the service as soon as the wharves are built, is looked upon as a good prospect that the Mill Bay Ferry service will soon be assured.

**Knights Templar On Visit to City Attend Service**

Hear Eloquent Sermon by Rev. F. A. P. Chadwick at St. John's Church

The Knights Templar of Bethlehem Commandery, Seattle, and of the Gate Precinctory, Victoria, attended the morning service at St. John's Church, Sunday, and made a striking appearance as they entered the church, which played during the service. Sir Knight Peterson, of Seattle, sang "The Voice Triumphant" and St. John's choir led the singing of the hymns.

Anti-Drug Society Here Will Appeal For Government Co-operation

The question of Canada's representation at the League of Nations Opium Conference, which will be held either at London or Geneva this year, will be discussed at a meeting of the Victoria Anti-Narcotic League this evening at the Y.M.C.A. According to information obtained from the Federal Government, through Dr. J. A. Amory, Deputy Minister of Public Health, it is probable that the Minister of Public Health, Dr. H. S. According to information obtained from the Federal Government, through Dr. J. A. Amory, Deputy Minister of Public Health, it is probable that the Minister of Public Health, Dr. H. S. Bell, will be one of Canada's representatives at the conference.

Whether or not the League will lend active support to Dr. Clem Davies in the libel suit which will be conducted against him by J. P. Do Smith, will be decided this evening. Dr. Raynor will make an address relative to his subject.

The business of the League will include a discussion of steps to be taken in the building of an institution for the care of those who suffer from addiction to drugs. It has been proposed that the Provincial Government take active steps immediately to look after the 15,000 addicts of Canada, for the League considers, backed by good authorities, successful cures cannot be effected when the patients are confined to hospitals of the ordinary sort or jails.

## Betty Balfour, Delightful Comedienne, in Fine English Comedy at Royal Theatre

"Wee McGregor's Sweetheart" is Delightful Story of Scottish  
Humor and Will Win Much Applause All Week

Commencing with a matinee to-day and for the balance of this week, the Royal Theatre presents Betty Balfour's latest film comedy, "Wee McGregor's Sweetheart." Here is a photoplay which has been made into a series of comedy combinations which will be hard to beat when it comes to giving audiences something to laugh at, and laugh they will, long and loud, and uproariously from the beginning to the end. It is something different in the way of comedies; not the cut and dried stuff at which audiences have laughed many times.

Miss Balfour is seen at her very best and it is a sort of picture that is ideally suited for her. The action of the play takes place in Glasgow, and here we are given some real Scotch humor. The story deals with Betty Balfour who, while yet in her teens, is sent to a very sedate aunt in Glasgow to be raised.

Her tom-boy nature and her great aptitude for playing pranks on everybody she comes in contact with are a source of great worry to her relative, but in the end it leads to happiness combined with love. A minute description of the play is not wise as it might give an inkling to the audience who see it of what is coming next, and in this way spoil some of the comedy situations for them. If you enjoy a good laugh, here it is. See it and you will say it is one of the best pictures you have ever seen.

Royal—"Wee McGregor's Sweetheart."  
Capitol—"Woman Who Gave."  
Dominion—"A Society Scandal."  
Columbia—"Rouged Lips."  
Playhouse—"The Barber and the Baronet."

appears on the screen it may be worn by some actress playing a bit or by an extra woman, who takes her place in the background with the "atmosphere."

Miss Swanson has probably sent more clothes to wardrobe closets than any other actress on the screen to-day. At the completion of her latest Paramount picture, "A Society Scandal," which is showing at the Dominion, she discarded fourteen gowns of the most advanced styles. They ranged all the way from evening frocks, riding habits and negligees to the smart thing to wear for the divorcee. These all went into the general wardrobe, and who knows but some petite stenographer—she will have to be so if she is to wear Gloria's clothes—may be taking her weekly riding lesson in the park adorned in a habit of the latest cut, fresh from the Paramount Long Island studio.

This is what becomes of the smart gowns worn by Miss Swanson—or any star in fact—in motion pictures.

### PREPAREDNESS

A tall, nervous-looking man rushed into the grocer's shop in a New York State village.

"Sell me all the stale eggs you have," he demanded.

"Well, I don't usually sell stale eggs," said the grocer, "but I could let you have some if you—"

"I must have all you've got."

"I suppose you're going to see 'Hamlet' at the village hall to-night," said the grocer knowingly.

"Hush!" said the stranger, glancing around nervously. "I am invited, from 2 till 6 o'clock, on Tuesday, Wednesday and Thursday next."

## Film Actor Goes 10,000 Miles For Real Sea Scenes

"Women Who Give" Will Be  
Presented to Capitol Audience  
This Week

More than 10,000 miles were traversed by Reginald Barker and his company in finding and filming suitable locations for "Women Who Give," the Louis B. Mayer-Metro production to be shown at the Capitol Theatre this week. A great majority of the scenes were made along the New England coast and off Newfoundland, the Grand Banks fishing grounds. Other locations used were in California and included the beautiful regions around Bolinas Bay, Duxbury Reef, the Devil's Cove near San Francisco and Laguna Beach.

Many months ago when Mr. Barker was first assigned to make a motion picture of Sarah P. McLean Greene's "Cape Cod Folks," from which "Women Who Give" was made, he took Robert Frazer, who plays the leading male role, and his cameraman, Percy Hilburn, on a long cruise on the Atlantic.

"Women Who Give" is a picture of "Cape Cod Folks," the famous novel by Sarah P. McLean Greene. It is a Louis B. Mayer-Metro production with the adaptation prepared by Bernard McConville and J. G. Hawks. The scenario was the work of A. P. Younger, and the photography was handled by Percy Hilburn. The production was personally directed by Reginald Barker.

The afternoon sketch club of the Island Arts and Crafts Society will hold a free art exhibition in the club room, 202 Union Bank Building, to which the general public is cordially invited, from 2 till 6 o'clock, on Tuesday, Wednesday and Thursday next.

## "Rouged Lips" Stars Viola Dana In Wonder Film

Entrance to Hades Would Do  
Justice to Inferno's Portals

A series of novel features are included in "Rouged Lips," Viola Dana's newest Metro starring picture, which has now playing at the Columbia Theatre.

There is a complete reproduction of the interior of a theatre. In addition to a thousand seats it includes an orchestra pit, a glass surfaced runway with electric lights beneath, and a complete stage.

Of the various unique stage settings which serve as a background for the activities of the "devil" chorus of "thirty under twenty" in "Rouged Lips," the chief one depicts a cave of devils.

A pit, supposedly bottomless and leading directly to Hades, is vividly depicted in the centre of the stage on the screen. Leading into it from the wings at the back of the stage the studio experts erected a metal slide. Lighting effects make it appear that there are flames within the pit and when victims garbed in the attire of blue law advocates and representing gloom, pessimism and other enemies of joy, are sent sliding down the chute and out of sight into the pit, puffs of smoke arise.

"Rouged Lips" was written by Rita Weiman, and was directed by Harold Shaw. It was adapted to the screen by Thomas J. Hopkins.

## Fine Programme For Music-Lovers' Night

The programme as arranged by A. Prescott, the musical director of the Royal Victoria Orchestra, for Music Lover's Night to-night, is one that will no doubt be appreciated to its full extent. The feature picture, starring Betty Balfour in "Wee McGregor's Sweetheart," lends itself to a programme of music both light and serious. He also promises during the evening to provide a musical novelty which will be new to Victoria.

Some of the numbers to be rendered during the evening are as follows:  
Overture—"Semiramide" . . . Rossini  
Selection—"Merry Widow" . . . Lehar  
Waltz—"Amourouse" . . . Berger  
Selection—"Happy Day" . . . Jones  
and Rubens

## Joe Jacks in Unusual Bill At Pantages

Dazzling Array of Vaudeville  
Talent is Presented

To-morrow evening Pantages Theatre will open again with a dazzling array of vaudeville talent calculated to mark by fitting fashion the return of professional variety entertainment in Victoria.

The outstanding star of the bill is Joe Jackson, who is one of those rare fellows able to bring out the laugh from the most blasé of theatre goers. He is a premier artist in pantomimic originalities.

Orville, Stamm and Girls present an attractive turn known as "The Love Pirates." Stamm is one of the super-athletic young fellows whose

feats of strength are combined effectively with the doings of a quintette of sprightly young ladies.

The show will be presented on Wednesday and Thursday with matinee and two night shows.

## Playhouse Has Favorite Star In Pretty Part

Mary Miles Minter Takes Screen  
Fans to Pennsylvania  
Towns

Seven men with bushy "shovels" boards helped to provide appropriate

atmosphere in "Tillie," the latest Mary Miles Minter production now showing at the Playhouse Theatre.

The locale of the story is a Mennonite colony in Dutch Pennsylvania.

"Tillie" is said to provide Mary Miles Minter with one of the most appealing and dramatic roles of her career. She is seen as the daughter of a grasping father; she becomes enmeshed in intrigue, due to a bequest and is involved in a constant struggle for her happiness and her love.

The story is said to be an excellent entertainment blend of pathos, drama and humor. Alice Eytan adapted the photoplay from the novel "Tillie, a Mennonite Maid," by Helen R. Martin and the play by Frank Howe.

The supporting cast includes Noel Beery, Alan Forrest, Lucien Littlefield, Lillian Leighton, Marie Treboas, Ashley Cooper, Virginia Adair and Robert Anderson. Frank Ursor directed with Allen Davey at the camera. Elmer Harris supervised.

Carpenters and woodworkers of Victoria district are urged to attend mass meeting, Trades Hall, Broad Street, Monday, April 14, 8 p.m.

## Notable List Of Plays For the Royal Next Week

Sir John Martin Harvey Will  
Give Five Plays During  
Visit

The seat sale for Sir John Martin Harvey's engagement which opens next Monday evening, when he will present "A Cigarette Maker's Romance," which will be given again on Friday evening, indicates that all attendance records will be broken during this engagement. Following the opening on Monday, "Oedipus Rex" will be presented Tuesday evening and Wednesday afternoon, "The Burgomaster of Stilemonde" Wednesday evening, "Hamlet," Thursday evening, and "The Breed of the Treshams" for the farewell performance on Saturday afternoon and evening.

In his artistic version of Shakespeare's immortal "Hamlet," which he will present at the Royal on Thursday evening, Sir John Martin

Harvey has indelibly stamped his uniquely poetic personality both upon the role of the fated prince, and on the whole production. Simplification of setting and reduction of scenic accessories to the bare essentials has not only served to concentrate attention upon action and dialogue and make the play "live," but also enables an unusually large proportion of the original text to be given within a three-hour limit, every minute of which holds the interest of the auditor. For the adventurous aids which the stage carpenter and the property man are accustomed to offer, there has been substituted a fine and choice exercise of imagination in the devising of groupings, movements and action, which illustrate and illuminate the lines and enhance the admirable work of the company as a whole and the highly distinctive, spiritual and genuinely moving interpretation given by the chief actor.

Martin-Harvey's "Hamlet" is a gentle, brave and honorable prince, in whom the resolution for vengeance is combined with the force, both internal and external, until the decision is forced by the final whole-sale traitor. The actor seems to suggest that Hamlet's madness is a blend of the real and the feigned, a theory for which there is considerable warrant, if not conclusive proof in the text. But mad or sane, Martin-Harvey's "Hamlet" is never for a moment anything but the high-souled, noble and lovable youth crushed under an intolerable burden of fate. It is to the depicting of this figure that Sir John brings all the resources of ripest histrionic gifts, scholarly acquaintance with the bard, a graceful and magnetic presence, and a voice capable in its cadences and inflections of conveying any and every desired shade of meaning or feeling. For poignancy and impressive, Hamlet's death-scene as portrayed by Martin-Harvey would be difficult to excel in stage annals.

## Green Room Notes

Five of the seven plays Sir John Martin Harvey is giving in Western Canada will appear on the boards here next week. All will be presented in Vancouver during the ensuing two weeks, as the extra time being given to that city permits him to defer three of them to the second week.

An important development in the theatrical world is announced in the formation of a \$5,000,000 corporation at Montreal to take over vaudeville theatres in Montreal, Toronto, Hamilton, Ottawa and London and to extend operations to other cities. E. F. Albee, head of the Keith vaudeville organization, will be the head of the new organization which will be known as the B. F. Keith Co. of Canada Limited, and will be operated in conjunction with B. F. Keith Vaudeville in the United States.

Harry Wall, the author of the war-play, "Havoc," which is still running at the Haymarket Theatre, London, has written another play called "The Puppet Show," which has been recently presented at a special performance by the Repertory Players. This organization produced "Havoc" at a similar performance before it was brought to the Haymarket on January 16. "Havoc" is to be played in New York later in the year.

All of the companies in "The Play" that the Solvins are presenting in different sections of the country, will observe Holy Week, and the members of these companies have looked forward to the week for one of complete rest, as they have been acting continually since last August. "The Play" could play to a most profitable business during Holy Week, but owing to the character of the play and the class of audiences that it draws, it was believed best not to do so.

The Orpheum circuit's bronze tablet to the memory of Sarah Bernhardt was dedicated March 25, in the cemetery near Paris, where she is interred.

A national conference on motion pictures is scheduled as part of the programme of the biennial convention of the League of American Pen Women to be held at Washington on April 23. In addition to discussing means of aiding film producers there will be a voting contest to determine the ten best films.

FORESTRY FILM  
WILL BE SHOWN  
TO BOY SCOUTS

Special Showing of "The Red Enemy" Will be Treat For  
Victoria Scouting Circles

"The Red Enemy," one of the most graphic uses of the silver-screen, to depict educational matter in an attractive way, will be shown to massed ranks of Victoria and District scout troops and packs, on April 26, at a special performance by the Provincial Department of Forestry. The film, an absorbing lesson in the need for fire protection, is a graphic illustration of how men risk their lives at the forest fires which annually threaten Canadian woods.

The showing will be made at a Victoria film theatre as a special concession to Victoria Scouting circles, which have shown a keen interest in forestry work, and particularly in fire prevention matters. Major C. S. Cowan, Chief of the Forest Protection Service, is largely responsible for the fire prevention progressive campaign in which "The Red Enemy" will play an important part. As an educational film it is a startling exposition of what the silver screen can do in an educative way, and yet retain all the thrilling interest of commercial films.

The Forestry Department of the Provincial Government has, before this, demonstrated its interest in scouting work, and summer scout camp members retain a warm appreciation for the series of forestry lectures which members of the department have from time to time treated them.

WEST END PLAYERS  
SUCCESSFULLY PRESENT  
"THE ROYAL RUNAWAY"

A large and appreciative audience filled Seattle's Hall last Friday night, when the West End Players presented "The Royal Runaway" and musical items. Miss Elinor Roe, as Princess Freda, who ran away from the royal household, carried out the leading role to perfection and was the recipient of a lovely bouquet during the evening. Miss Margaret Williams gave a clever Egyptian dance. A. Gaiger was a favorite with a couple of cozier songs. Darkey Anfield was very amusing in his patter song and dance. G. Davis sang two songs in splendid style. Mr. and Mrs. A. Gaiger put on a musical sketch which created plenty of fun.

The proceeds are to be given for park supervision and purchase of playing equipment for Victoria West children. Mrs. Davis and Mr. Richmond played the piano accompaniments during the evening.

## Hunt's Orchestra To Play at Capitol On Tuesday Night

The second of the Tuesday Musical evenings now established at the Capitol, will again present to Capitol audiences, Hunt's syncopated orchestra. This popular musical organization met with such great success on its appearance at the Capitol last week. An exceptionally interesting programme of popular melodies and dance numbers has been arranged, which will be a welcome and enjoyable addition to the splendid programme of film attractions. These include the feature attraction, "Women Who Give," a snappy Mack Sennett Comedy, and the Capitol News and Review.

Percy Burraston, the Capitol organizer, is also presenting an original arrangement of organ music to accompany the feature film attraction. Use your "Best Judgment." The classified advertisers have many messages for you—but it might happen that on some particular day not one of them applied to you, or touched your interests. Big League Ball  
Players Start the  
Season To-morrow

Cloudy Weather is Predicted  
For Opening Games in Both  
Circuits

Keen Race is Predicted; All  
Clubs Are Strengthened  
Somewhat

New York, April 14.—The weather man today slapped a damp and chilly blanket on the baseball fans by predicting cloudy skies with probable showers for the opening of both major league seasons to-morrow. Usually lively contests in the training camps and in southern cities as the big league teams worked their way home, presaged a general interest which bore fruit in crowds of 35,000 and 20,000 at Chicago and New York yesterday in the final preparatory games.

New York, April 14.—Far from having his pent-up appetite dulled by the successive triumphs of the Yankees and Giants over the last three seasons, New York's baseball fans have marshalled their forces in a general interest which bore fruit in crowds of 35,000 and 20,000 at Chicago and New York yesterday in the final preparatory games.

Across Brooklyn bridge, the third interclub entry, the Dodgers have shaped their line-up for a vigorous campaign, but the chance that they will capture the second division is slim.

Of the two Manhattan clubs, the Yankees appear the strongest, with their "crowd's" championship line-up intact for the opening day to-morrow with the Red Sox at Boston. Except to add to their strength including a promising outfielder in Earl Cootins, Huggins stands pat on his 1923 club.

The Giants have been substantially rebuilt by McGraw, who believes he has acquired new pitching strength in several rookies, notably Dean, Maun and Baldwin, besides Terry, a promising first sacker.

**PIRATES ARE STRONG**  
Baseball experts of Pittsburgh are convinced that with good pitching, the Pirates will be close to the top when the season ends. Glen Wright, who will step into Moravvill's shoes, has added great strength to the all-star infield of Frimm, at first; he Rabbit at second, and Traynor at third.

The Detroit Tigers will open the season with practically the same line-up that appeared in last season's opener. The infield remains intact. Arbreghenson, at first, is expected to be able to Shortstop Rigney, who has had trouble with his hip, and second baseman Pratt, who had a bad season last year. Blue, at first, and Jones at third, are expected to contribute their share to the Tiger's success. The outfield will not be changed materially.

**CLEVELAND LOOKS GOOD**  
Strengthened at first by the signing of George Burns and with better hitters than in several years, Cleveland is sure to be in the fight for the American league pennant, according to E. S. Barnard, president of the club.

With Frank Chance, who piloted the Chicago Cubs to four pennants fifteen years ago, as the new manager of the Chicago Americans, President Comiskey of the White Sox, last night predicted his team will be up and fighting. The principal change in the Sox line-up this season will be the appearance of Shortstop Lashfield of Shreveport (Texas league).

**A FREE-FOR-ALL**  
President Veeck of the Chicago Nationals, thinks the Giants have overdone their pitching. He has announced that the National league race will be a free-for-all between New York, Pittsburgh, Cincinnati and Chicago. Veeck declared the National league race will be a free-for-all between New York, Pittsburgh, Cincinnati and Chicago.

As Walter Johnson goes, the Washington Americans usually go, and his year the management believes he is a veteran to have one of his best seasons.

With George Sieler back at his old position at first, St. Louis Browns will present a squad little changed from that of 1923. The principal change in the Sox line-up this season will be the appearance of Shortstop Lashfield of Shreveport (Texas league).

Rogers Hornsby has already commenced his walking practice today at St. Louis National, bringing in the only run against the Browns on Saturday with a four-base drive. Several new faces appear in the Cardinals' line-up, but the pitching staff has been strengthened.

On the eve of the opening of big league baseball, the Philadelphia managers are reported to be looking forward with confidence to the coming campaign.

Connie Mack is hopeful of a first division berth, while Arthur Fletcher favors open play champion of Erie, and James Eckendorn, defeated Fred Knight, winner of the recent North and South tournament at Philadelphia, in an exhibition game to-night, four up and three to go.

Horses Are Tested  
In Endurance Race;  
One Animal Dies

Buenos Ayres, April 14.—The hippodrome here was the scene on Saturday of an unusual contest when 100 horses were raced for twelve hours around a 2,000-metre track in a speed and endurance contest. The winning horse made eighty-four circuits, equal to about 100 miles. One of the horses dropped dead near the end of the test.

The men who rode the horses were relieved from time to time.

Macaulay Point Team De-  
feated in Team Match by  
52 Points to 28

The Uplands Golf Club won its match at the Uplands links yesterday with the Macaulay Point golfers. In the singles in the morning the home team scored 24 points to the visitors' 14, while in the four ball matches in the afternoon Uplands scored 24 points and Macaulay's total was 28. On the day's play Uplands ran up a total of 52 points to their opponents' 28.

The scores were as follows with the Macaulay players named first in each case:

**SINGLES**  
F. D. Caldwell 1 1/2, A. M. D. Fairbairn 1 1/2.

**Ladies' Roller Hockey Team Is to Play Seattle**  
Local Girls Will Be Hosts to American Team at Drill Hall on Easter Monday

For the first time in history an international roller hockey game between two girls' teams will be played on Easter Monday at the Drill Hall. The game will be between a team composed of Victoria girls and an American team from Seattle. The game is scheduled to commence at 8.15 o'clock.

It is expected that this game will cause a large amount of interest among local fans as the Victoria girls have just been organized, and have a strong line-up to present against the Seattle team.

The Seattle team will arrive here on Sunday afternoon, and will be met by a tally-ho, which will take them to Langford, where the game will be played. The Seattle team will spend the week-end. All final arrangements have been completed with the Fifth Regiment C.G.A. to stage the game at the Armories, and after the battle a community dance will be held from 9 till 11.30 o'clock.

The Victoria team will be composed of the following players: Gail, Laura Wilby; defence, Gladys Renzie, Connie Wiles and Jackie Andrews; forwards, Maria Henderson, Marion Mahor, Victoria Renzie, May McAllister, Wilma Henderson, Eleanor Dinsdale and Kathleen Redgrave.

For the short time that the local team has had to practice they have mastered to game well, and some fine stickhandling and checking will be seen at the game. Seattle has been over word that they are shipping over a formidable line-up, and it is expected that the game will be a hard-fought battle from start to finish.

Tennis Clubs Hold  
Their Initial Match

Teams from the tennis clubs of the Metropolitan Methodist and Knox Presbyterian Churches engaged in their initial match, of the season on Saturday afternoon. One-half of the games was played at the Knox courts while the other half was played at the "Met's" new wooden courts. Each team was successful in winning four games. Some singles were played but most of the players preferred doubles and much good sport was enjoyed by those who participated.

Hailstorms, High Winds and  
Muddy Grounds Interfered  
With Saturday's Games

London, April 14.—Frequent hailstorms, high winds and muddy grounds were a considerable handicap to the league football games Saturday and had a restrictive effect upon the gates. With the exception of 20,000 at the Liverpool-Middlesboro game, won by the former 3 to 1, and 18,000 at the West Ham-Arsenal game the gates were unusually small.

Arsenal were against Sunderland, 2 to 0, while Sunderland figured as if they were the last team on the list for relegation. They, however, sadly missed Buchanan, who was playing in the international England-Scotland game, and who was replaced by Rodgers. This player nervously fouled the formal free kicks.

A bad defence was responsible for the defeat of Tottenham by 5 to 2 at the hands of Everton. Cardiff outplayed Burnley by 2 to 0.

West Bromwich scored the whole of their five-goal tally against Notts County in sixteen minutes after the interval. Chelsea fell an easy victim to Newcastle.

**MANCHESTER WENT WELL**  
In the Second Division Manchester United made rings around Crystal Palace and won 5 to 1.

In the Luton-Norwich game, won by the former 2 to 1, the old professional player, Butcher, was ordered off the field after a mix-up with the former Tottenham player, Binks. The latter left the field for repairs, but later returned, whereas Luton were compelled to finish with one man short.

Portsmouth were defeated by Northampton, 3 to 1. **SUNDERLAND LEADS**  
Although defeated by Arsenal, Sunderland still heads the First Division by one point from Huddersfield and Cardiff, who are respectively second and third. Bolton dropped to fourth place, with the next five standings unchanged.

West Ham's victory by 3 to 1 over Preston north end, and their follow-up by Manchester United, followed by Birmingham, Notts County, Liverpool and Manchester.

In the Second Division Leeds United and Burnley remain leaders, but Derby dropped to fifth position behind Blackpool and Stoke. They are followed by Manchester United, Bradford, Coventry and Crystal Palace.

**LEADERS DEPOSED**  
Both the leaders in the southern and northern sections of the Third Division are deposed. Rochdale ousting Wolverhampton and Millwall taking the place from Portsmouth.

The defeat of the latter was surprising and may lose them promotion, although they are still two points ahead of Brighton and Swansea.

In the northern section Rochdale heads the table, followed by Wolverhampton, with next four unchanged.

Lost! One Ball Player  
How Two Major League Clubs Resumed Play With Only Eight Men in Field

BY BILLY EVANS  
BALL players like their base hits. When in a batting slump they cry for them.

Eliminating a base hit at any time does not meet with favor. Taking away a perfectly good single when a player is in a batting slump is the last straw.

Jim Delahanty, former big league star, who is to try umpiring in the American Association this season, was a central figure in a most amusing incident in a game at Chicago some years back.

Fleider Jones, manager of the Chicago White Sox, had been in a batting slump for a week. Washington was the opposing team and I rather think Walter Johnson was doing the pitching.

The Washington club took the field, that is eight of them did. Johnson wound up and delivered the ball to Jones, the first batter up in the inning. Jones sent a screeching drive between first and second that carried to the bleachers.

Then an unpleasant discovery was made as far as Jones was concerned. It so happened that Jim Delahanty had been forced to go to the clubhouse to change shoes, and the game had been resumed with only eight Washington players in the field.

Of course that made play illegal, and there was nothing for the umpires to do but call Jones back and await the return of Delahanty.

It is easy to imagine how Jones felt, and also not hard to figure out what he said about the umpire who permitted play to be resumed with only eight players in the field.

Toronto Basketers  
Victors in Eastern

One-point Victory  
Put Fidelis Girls  
in Line for Title

Defeated Native Daughters  
of Vancouver and Now Meet  
Pentiction in Finals

Both Victoria Intermediate  
Basketball Teams Were De-  
feated in Vancouver

Saturday's B. C. open basketball championship results were as follows:

Intermediate girls—Polyannas Vancouver 10, Wide Awakes, Victoria 6.  
Intermediate A Boys—New Westminster Adanacs 35, Palsans Victoria 21.

Senior girls—Fidelis Victoria 18, Native Daughters, Vancouver 17.

With the senior men's championship already tucked away, and the senior girls title now practically assured by virtue of Fidelis girls fine win over Native Daughters on Saturday night, Victoria basketballers have made a very fine showing in the B. C. open series and the local teams have secured their first championship.

Four teams were entered by Victoria in the B. C. open series and the local teams have secured their first championship.

**FIDELIS TOO SMART**  
The light Fidelis team sprang a big surprise on the Native Daughters who were strongly fancied in Vancouver for the senior girls title.

The Native Daughters survived the first half with a one-point lead. The game was very strenuous and the score kept the fans on the jump all the way. When the final whistle sounded the local girls were leading by a score of 18 to 17.

**FANS ON THE JUMP**  
One of the biggest crowds that has attended a basketball game at the Y.M.C.A. gymnasium this season was packed in and on the benches of the Y.M.C.A. gymnasium.

The game was a very close one, with the Native Daughters leading by a score of 18 to 17 at the end of the first half. The game was very strenuous and the score kept the fans on the jump all the way.

**MOOSE WERE EASY**  
The Sons of England ran away with the Moose at Beacon Hill and shot five goals while the Moose were tallying once. In the first half the Moose scored twice and once in the second half.

Boxer Dies From  
Over-Exertion in  
Bout Last Friday

Wilmington, B.C., April 14.—Pal Moore, thirty-one, feather-weight boxer of Wightborough, died yesterday as a result of over-exertion in a fight Friday night with Ralph Varn of Wilmington.

The injured fighter collapsed after leaving the ring. Attending physicians stated that death was due to a cerebral hemorrhage, caused by over-exertion.

A coroner's jury exonerated his opponent.

**Bowling Congress  
Will Be Held in  
Aberdeen in 1925**

Harry Andrews Elected President; Spokane Wins Big Sweepstake

Vancouver, April 14.—Aberdeen, Washington, was the sight for the venue of the 1924 Northwest International Bowling Congress yesterday and Harry Andrews, of that city, was elected president for the ensuing year. G. H. Hudson, of Seattle, secretary, who is elected for a five-year term, was accorded a hearty vote of thanks for the sufficient manner in which he conducted the 1924 tournament.

The executive committee was named as follows: J. Mudre, Butte; E. Cook, Seattle; C. H. McCrimmon, Portland; Joe Morris, Vancouver; B. C. Sanders, Spokane; J. W. Blaney, Tacoma; H. W. Hintale, Wenatchee; W. Taft, Bellingham; P. H. Latham, New Westminster and H. Andrews, Aberdeen.

In the big sweepstake five-man event, Juno Brand, of Spokane, topped the list of sixteen teams with a total of 2817 pins and Tracey and sons, all stars, won second money with 2739 pins. Third prize went to Good Eats Cafe, Vancouver, with 2725 pins. E. N. Brooks, of Seattle were just out of the money, losing third place and \$105 by a lone pin.

**PROTEST THROWN OUT**  
The protest against the Harry Dawson team, of Bellingham, who were elected to the first prize in the five-man event, was thrown out and the team awarded the prize money. They had rolled a man in place of Lewis while protesting the secretary, or changing the name.

Dominion Singles**

First Annual Gathering of Dominion Bowling Association Held in Toronto

Toronto, April 14.—The first annual gathering of the Dominion Bowling Association since receiving its Dominion charter, was held here Saturday and plans were formulated for the coming championship competition which can now be considered as official under the charter.

The territory will be divided into districts and the Dominion championship will be held annually in Toronto. Each section will declare a singles champion to compete in the Dominion titular event which will be held annually in Toronto.

**Smith's Comeback  
Lands Soft Job in  
New York For Him**

New York, April 14.—MacDonald Smith of San Francisco, whose comeback was a sensation in professional golf circles last year, has signed as professional of the new Lakeview Golf and Country Club, whose course is under construction at Great Neck, Long Island. He will take up his duties there in 1925, but will represent the club this year in tournament play.

Smith's engagement adds another star to the galaxy of professionals in the metropolitan district that already includes Walter Hagen, Jim Barnes, Gene Sarazen and Joe Kirkwood. Smith's most recent triumph was in the California open championship which he won from an international field. Last season he sprang into prominence by finishing third in the metropolitan championship, two strokes behind Arthur Havers. He plans another invasion of Britain this year.

**PRICE GAINS PLACE**  
The play-off of the tie in the men's bogey competition held at Uplands a week ago resulted on Saturday in a win for A. V. Price, who was two up, W. H. M. Hall being one down.

Looking  
Things  
Over

While the lively ball has been the source of much satisfaction to the batters and a great disappointment to the pitchers, it has also played a part in the work of the umpires.

The lively ball has considerably lightened the duties of the base umpire and proportionately increased the task of the man back of the plate.

Before the days of the lively ball, good pitching made for easy work for the plate umpire. One run decided many a ball game, and a majority of them were settled on the bases. This kept the base umpire busy.

The steal and the sacrifice make for close plays.

The lively ball has of course taken the premium off base running, also the sacrifice system of play. This means close plays on the base and correspondingly brings more batters to the plate, making more work for the plate umpire.

It is recalled that a game in which Ed Walsh threw over to first base an even dozen times in an effort to catch the late Herman Schaefer napping. Billy Evans was umpiring the bases and every decision was so close that it could almost have been given either way.

In the old days when Ty Cobb reached first base he behoved the base umpire to be up on his toes just as much as the opposition, if he didn't want to be caught napping.

In this connection the experience of George Hildebrand, American League umpire, is recalled. He came from the Coast League to the majors. Prior to meeting the Detroit club, Hildebrand often discussed Cobb and his base running ability.

After the game Hildebrand was asked what he thought of Cobb, if he came up to all the advance stuff he had read on him.

"I should say he did," replied Hildebrand, "why that is the hardest I have ever seen. He was umpiring the bases. Cobb stole three bases, stretched a single into a double and in the game Hildebrand was asked what he thought of Cobb, if he came up to all the advance stuff he had read on him.

**Fred Fulton Willing  
To Fight Big Negro**

St. Paul, Minn., April 14.—Jack Reddy, St. Paul promoter, has wired an offer of \$10,000 to Fred Fulton, manager of Harry Williams, negro heavyweight, to have Williams meet Fred Fulton in a ten-round bout here May 8.

Reddy, who also is manager of Fulton, believes a victory for the Minnesota plasterer-pugilist over Williams would entitle his fighter to a match with Jack Dempsey, world's heavyweight champion.

Fulton and Williams met in 1920 in an east-side battle at the Polo Grounds in a knockout in the third round. Fulton has improved considerably since then, however, and is confident he can reverse the decision if they meet again.

**VULTURES WIN GAME**  
Vultures beat the Eagles at Beacon Hill by the score of 20 to 5. W. Tydesley, G. Parrot and E. Mischeaux scored a good game for the Vultures while J. Baxter and T. Drysdale played well for the Eagles.

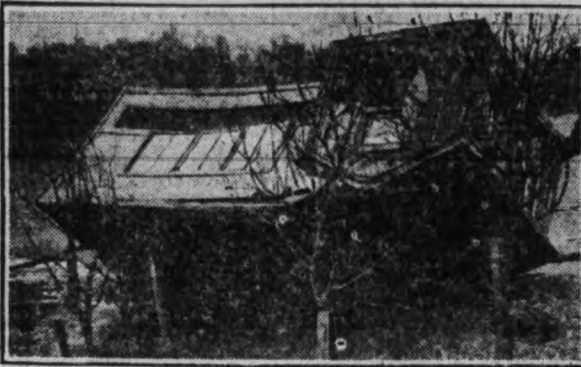

The line-ups were:  
Vultures—E. Mischeaux, W. Tydesley, G. Parrot, B. Maynard, E. Philion, F. Smith, K. Piper, B. Gibbs and B. Macmerchie.  
Eagles—T. Drysdale, J. Baxter, G. Parrot, G. Moore, J. Adam, J. Cooper, M. Grute, D. Murphy and T. Macgavign.

**WHEN THE TORNADO CAME.**—Eight persons are known to have been killed and at least 150 injured when a tornado swept the town of Shawnee, Okla. The picture at the top shows how completely one house was wrecked. And below you see a block of bungalows that lost their roofs. Looks like skilled craftsmen had removed them, so neatly did the wind do its work.

Here's a Cincinnati house that was turned upside down and deposited in an orchard during the flood of the Ohio River. Thousands were forced to flee their homes in the lowlands.

**BLUE GRASS BELLE WINS FAME.**—Miss Nell Holt, of Kentucky, went to New York to pursue an artist's career. In less than a year of actual work she has created and sold twenty-four magazine covers. Here you see her at work in her studio.

WHY SPRING AWAKENS

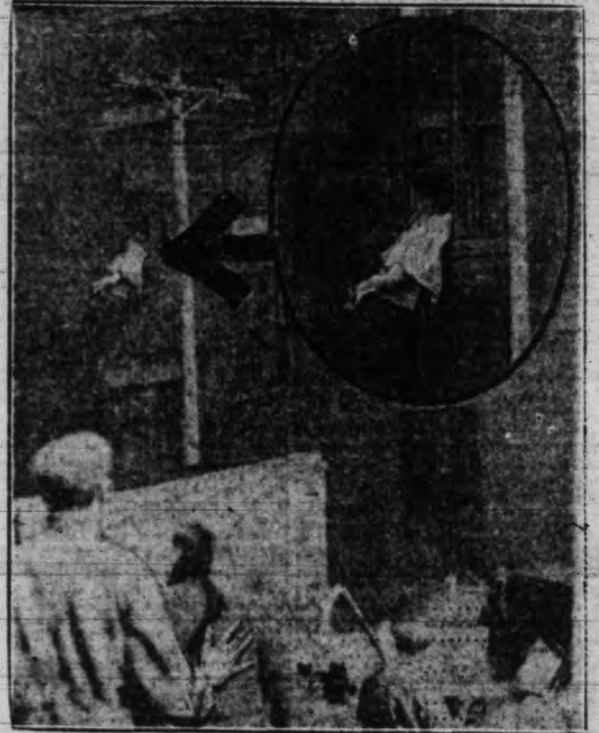

**EUGENIE'S JEWELS TO BE SOLD.**—Above are shown the pearls of the Empress Eugenie, which are shortly to be offered for sale. These are nine of the precious stones set in a parure with chainwork and festoons of diamonds. The largest pearl is seven-eighths of an inch in diameter and the others average three-quarters of an inch.

**ARCHDUKE AND EMPEROR.**—At the top, is shown the man believed to be the Archduke Johann Salvator of Austria, who died in New York hospital the other day. His death reveals another strange story of European intrigue. He is reported to have once blackened the eye of Emperor Francis Joseph of Austria, who is shown below in the above panel. The archduke was in line to succeed to the throne of the dual monarchy, but did not care for such glory. Instead he fled to America and lived here for many years as O. N. Orlov, a doctor of philosophy. His true identity was hidden for many years and at one time it was reported that Archduke Johann had been drowned in a hurricane off South America.

**NO TIRE TROUBLE HERE.**—J. S. Leddy and wife of Goshen, Ind., are going overseas to Florida. But they don't have to fuss around with the motor or stop to change tires. They're traveling in a wheelbarrow. And with them are their two children, two and four years old. The wheelbarrow, loaded down with all their camping equipment, weighs 300 pounds. In the last year, Leddy and his family have traveled nearly 7,000 miles in this manner. He began his strange hike in the hope of regaining his health.

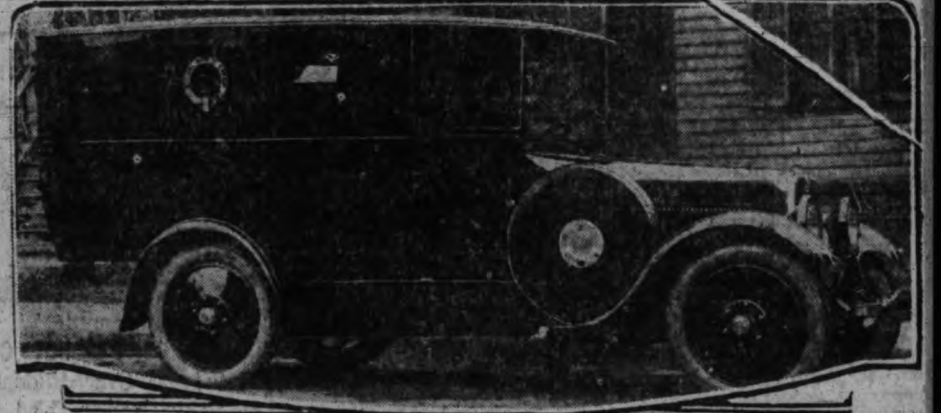

**TRIES TO KILL HIMSELF.**—The camera man was making a picture of construction works, when he saw a man about to jump from a window of St. Michael's Hospital, Toronto. Quickly switching his camera to telescopic focus, he secured this remarkable picture of Albert Thomas, a delirious patient, being dragged to safety by a nurse.

**SUBPOENAED.**—John Winata, U. S. Secretary of War, who appeared under subpoena to explain to the Daugherty Senate Committee why he ordered the seizure of certain documents relative to the recent aircraft scandal.

**FRAMED REPORT.**—Gen. Charles Dawes, head of the experts' committee which has submitted its report to the reparations commission.

**FORE!**—Queer place to tee off from, but Arthur J. Rank, son-in-law of Lord Marshall of England, does it at Monte Carlo. Kind of rocky.

**NEW ARISTOCRACY.**—Mrs. James Brown is the wife of the Labor Member of Parliament for South Ayrshire who has been appointed Lord High Commissioner to the Church of Scotland. She will receive royalty in her humble home.

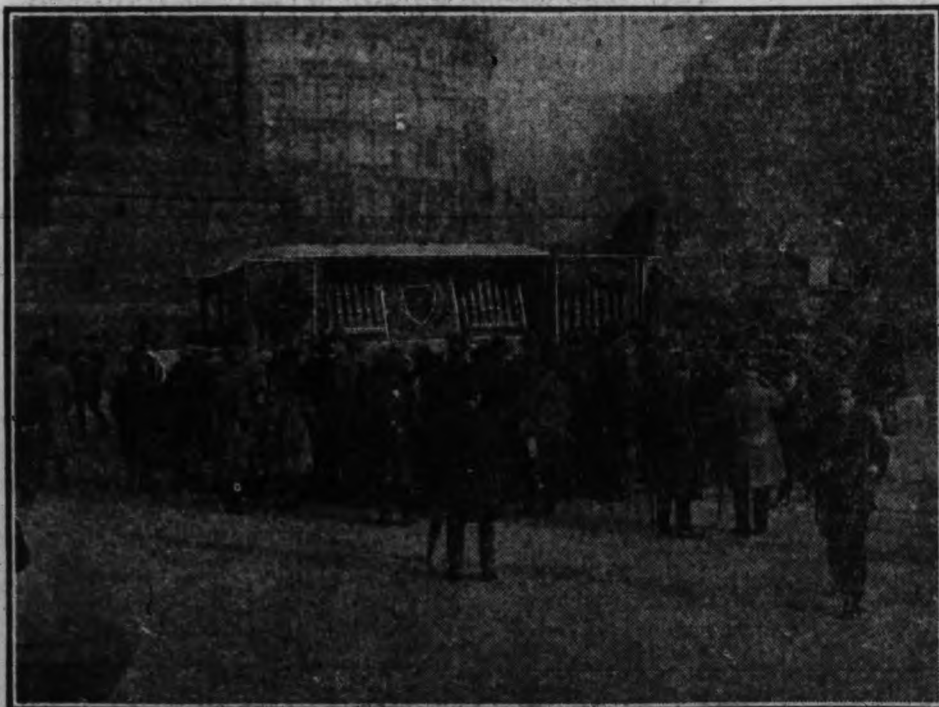

**TO FOIL BANK BANDITS.**—A new "bank bandit proof" automobile which has made its debut on the streets of Toronto. Of bullet-proof steel construction, the interior is lined with teak wood, between the boards of which are six layers of felt to neutralize the shock of bomb concussion. The wind shield is of bullet-proof aviators' glass, and the doors are locked by heavy steel bolts, from the inside. Loopholed steel plates cover the windows, and the guards, four in number, are armed with automatic high-powered rifles and revolvers. The car is the property of the Imperial Bank of Canada, and was constructed by special order of its general manager, Mr. Phipps. It is designed to carry money to the branch banks, and also to frustrate hold-ups of the nature recently perpetrated in Montreal. The body of the car is shut off by a steel partition from the driver's seat.

**THE PROFESSORS OBJECTED.**—Professors of the Illinois Wesleyan University have expressed their displeasure of a prank of members of the Girls' Athletic Association. On a recent hike, the girls took possession of the park zoo, drove out the animals and had their pictures taken while imitating the monkeys.

**HE DOES IT SOMETIMES.**—What's the truth about the Prince of Wales as a horseman? From remarks heard in the British House of Commons one might think he could not climb on a horse without falling off. He's one of the best amateur riders to be found anywhere, declares Col. Fauntleroy, aide-de-camp to the King. H.R.H. is here seen clearing a hedge in fine style.

Here photographed in Trafalgar Square, London. The car, which is twelve feet long by seven feet wide, is electrically illuminated and opens out both sides revealing the attractions of Canada in the form of agricultural exhibits and pictures. It is part of the Canadian Pacific Railway's campaign to advertise in England. A complete representative and up-to-date cinema is also incorporated in this unique traveling exhibition.

Last Minute News on Stocks and Financial Affairs

New York, April 14, 1924

### WHOLE LIST UNDER PRESSURE

By R. P. Clark & Co., Ltd.—With the exception of intermittent rallies, the stock market was under pressure during the greater part of the session, and many new lows were recorded in different parts of the list.

Considerable emphasis was placed by the bearish inclined on the continuing reports of curtailment at some steel concerns. Some professional selling also came into the market on the theory that this group has remained relatively steady in the face of weakness in other directions and therefore should be brought into line with other groups, which have receded. The outstanding news development of the day was the report that Germany had formally accepted the Dawes report and while this found some reflection in the foreign exchange markets, it apparently exerted but little influence on stock market prices, which of course, was discouraging to the element which has been laboring on the constructive side of prices.

Much of the late selling was inspired by the report from Washington that the bonus bill would be taken up in preference to the tax measure.

In the present bearish temperament, which seems to hold the upper hand at this time, factors that carry the possibilities that important constructive developments in European affairs are apparently lost sight of at least side-tracked.

The market seems to be in a discriminating period from the buyer's viewpoint.

### FURTHER WEAKNESS IN INDUSTRIALS

(By R. A. Bond)—Another drive was made against the industrial list at today's opening of the stock market. Baldwin was the target to-day and established a level below last year's lowest quotation. After the first rush of selling was over the market made several attempts to rise and a few issues showed independent strength. During the afternoon, however, Studebaker made another new low and the entire market presented a weak appearance at the finish. The rally in Studebaker after Saturday's break was very feeble and when the break started the stock sold off three points very quickly. Brokers' opinions this morning were practically unanimous that stocks should hold lower. It was again argued that the railroad list would follow the industrials. Ralls were not so strong as they have been and gave way moderately. It is claimed that a large part of the selling in the independent steels is liquidation and not necessarily bear attacks. Tractors are very bearish, the motor situation and naturally concentrate their attacks on Studebaker. Something of a bullish nature of Studebaker appears in the news almost every day, but it only serves to make traders more bearish, as the bullish announcements are not followed up with buying orders. Some buying by insiders and less talk of Studebaker's prospects would be appreciated.

### WINNIPEG GRAIN

Winnipeg, April 14.—Heavy Liverpool and some indication of an improved demand from the United Kingdom elevating, gave activity a wheat market strength at the start, but after the higher opening values eased off in sympathy with over prices at Chicago.  
At the close May was unchanged, July 1/2 cent higher.

## Notice to Breeders of Livestock

Mr. Erick Bowman, the discoverer of The Bowman Remedy, claims that in treating 70,000 cattle in the United States the results have been successful in 98% of the cases treated.

Are your dairy cows and heifers causing you trouble?  
Are you obtaining results in calves and milk that satisfy you?  
Do your cows (according to your knowledge of their capacity) produce as much milk as they should—or are you marking time and feeding a number of boarders that should be sent to the butcher?  
These are matters that can be put right. Delays are fatal. Why not consult

## SPECIAL RATES FOR AIR MAIL SERVICE

Cost on Seattle-Victoria Run  
\$200 For Under 600  
Pounds

Special rates will have to be struck for the carrying of mail by air from Vancouver to Victoria, said James F. Murray, district superintendent of post

services of Vancouver, commenting on the report that the Victoria Chamber of Commerce was engaged in formulating plans to connect the two ports by a passenger and mail aeroplane service. He believes the move has been inspired by the fact that a mail air service already exists between Seattle and Victoria, especially to make connections with Pacific liners. Occasionally passengers are carried by the post, but the prime purpose of the service is postal. The cost for carrying mail in this way on the Seattle-Victoria run, he finds, is \$200 for an amount not exceeding 600 pounds. Thus it would not be expected that the ordinary postal rates on letters would suffice for communications delivered to Vancouver Island via the crew route. No application has yet been made to the post office for rates, he says.

## RED PROPAGANDA MENACES CANADA VETERAN CLAIMS

Army and Navy Dominion  
President Speaks in Victoria

Vigorously Plays Propaganda  
of Russians in Canada

Reds in Canada are carrying on a strenuous campaign to break down the traditions of Canada and it is part of the duty of every ex-service men's organization to do all in their power to counteract their propaganda and destroy the power they are endeavoring to build up, declared Major M. J. Crehan, Dominion President of the Army and Navy Veterans in Canada, in a vigorous speech at the dinner held in celebration of the opening of the new quarters of the Victoria unit Saturday night.

**SOVIET SCHOOLS**  
"Are you aware," he said, "that thousands of Reds in Canada are here trying to break down our democracy and traditions and establish a Russia here? Are you aware that thousands of children attend the Winnipeg public schools during the day, and as soon as school closes attend the Soviet schools?" he asked. "When I was a candidate for school trustee a number of Socialists at a meeting asked me if I were in favor of military training in the schools. I told them yes. I said I would train everybody to be a soldier, including you Socialists. I would get the rottenest ship in the Empire and put you in it. I would see you go down and be glad. You come from foreign countries, and we give you a chance to become good citizens. If you don't take it I would be glad to see you destroyed. You come from Russia, where the worse atrocities ever known have been committed, and if you cannot become good citizens of Canada I should be glad to lead the band after you are destroyed."

The speaker dealt with the work of the Army and Navy Veterans since it was established in 1865 and among its objectives referred to aid as pensions for ex-soldiers. "It is our duty," he said, "to look after the old men who fought for the Empire when they reach the evening of life. It was also the duty of the Army and Navy Veterans," he said, "to instill into the young people of the country Canadian traditions and Canadian ideals."

"When we turn to the record of the Army and Navy Veterans, 50,000 strong, we want to see a landmark that all Socialists in Germany or Russia or any other Social country can never deface, a beacon to lead on posterity to keep the flag untarnished and unstained."

## MOUNTAIN CLIMB ATTRACTS MANY

About 150 Persons Reached  
Summit of Mount Braden  
Saturday

Close to 150 persons, men, women and children, participated in the community climb Saturday to the summit of Mount Braden, under the auspices of the Vancouver Island branch of the Alpine Club. The party assembled at Goldstream station, having arrived for the most part from Victoria on the K. & N. morning train, and the whole column, guided by George E. Winkler, marched in light-hearted procession over the road which leads to one of the most beautiful spots on the Island. A trail had been blazed for the occasion, and when the party had reached a point close to the summit by 11:30

a.m., a halt was called, a fire built and before long the midday meal was in progress. When the whole party had assembled on the summit of the mountain, Mr. Winkler gave an interesting talk on the geological history of the country. John Braden, after whose father the mountain is named, related the several amazing stories of hunting expeditions in the locality many years ago. C. C. Penber-ton enlightened the audience in matters pertaining to trees of various varieties and descriptions met with on the way. Mr. Braden pointed the name of the mountain upon the face of a rock on the summit, so that those who climbed with hearty satisfaction by the party, and talk of future similar expeditions was rife after the journey had terminated.

## TEACHERS TO MEET VANCOUVER SOON

Annual Session of Federation  
Will Be Held Next Week

Victoria and district teachers are looking forward to the annual gathering of the B. C. Teachers' Federation, commencing in Vancouver to-morrow week. A number of prominent educationists will be present, including Dr. John Adams, M.A., B.Sc., LL.D., head of the department of education, University of London, England. Others who will take part in the proceedings include S. J. Willis, Superintendent of Education, H. C. Newland, M.A., LL.D., president of the Canadian Teachers' Federation; Miss Martha Koehn, assistant professor of home economics, University of Washington; Miss H. Reynolds, specialist on methods, Seattle, and the following professors from the University of British Columbia: Dr. G. H. Weir, Dr. Buchanan, Dr. Ashton and Dr. Sedgewick.

Dr. Adams is a native of Glasgow and became a pupil teacher and student at the School of Art at the Normal Training College, and later at the university, in his native city. He graduated with the degrees of M.A. and B.Sc., taking first-class honors in mental and moral science and being the first man of his year in English. His successive appointments were: Assistant master in a board school in Glasgow; lecturer in the Aberdeen Free Church Training College; headmaster of a board school of nearly 800 pupils in Port Glasgow; rector of the Grammar School of Campbelltown; principal of the Free Church Training College, Aberdeen; principal of the Glasgow Free Church Training College, and lecturer in education in the University of Glasgow.

In 1897 he was elected to the presidency of the Educational Institute of Scotland, and made an honorary fellow of the Institute.

In 1902, he was appointed first professor of education in the University of London, and at the same time to the post of principal of the London Day Training College, an institution after the pattern of Teacher's College, Columbia, but on a much smaller scale. In the same year he was brought out to Canada by McGill University, to report on the Protestant schools of the Province of Quebec. He has been in the United States lecturing at various universities on five different occasions.

In 1911, he received the honorary degree of LL.D. from the University of St. Andrews. He is also a Fellow of the Royal Society of Literature, and of the College of Preceptors, being vice-president of the latter at the present time.

Dr. Adams is at present engaged in a tour of the world, having been invited by the government departments and the universities of the various states of Australia, New Zealand and South Africa to address the universities and the Teachers' Associations in these Dominions. He has spent the last year lecturing in the University of California, Berkeley.

## DEMIES DIFFICULTY CROSSING RANGE

Motorist From California  
Says Pacific Highway Pas-  
sage Feasible Throughout

"I do not believe there is a place where a woman driver, with ordinary experience should fear to take her car through the Sierran Mountains in Northern California," said O. Davidson to The Times on Saturday evening, answering comment in an interview in this journal during last week from a local citizen that part of the route of the Pacific Highway should not be attempted this summer. Mr. Davidson, who is sales manager of the Durie-Thomson Products Company of San Francisco, had just come over the route from the South.

He stated that 200 motorists a day should be expected to arrive on Vancouver Island. He said that no attempt was made to hold him up at the Washington-Oregon boundary owing to the outbreak of foot and mouth disease in the South, and the reports which had been forwarded to the press from Vancouver, Wash., were much exaggerated. The only question asked the motorist was whether he had any pet dog or cat on board, Mr. Davidson asserted.

There are adequate provisions made for detours, and the Pacific Highway, on the whole is in good shape, even where it is paved as in the case of a section in northern California, North of Redding. Mr. Davidson found the snow had gone on the Highway when passing through the mountains, surprisingly early in the season. A few cars were to be seen, but not many as yet. In San Francisco, at all times of the year, no less than twelve per cent of the cars were not California register. Mr. Davidson strongly recommends B. C. motorists on their way to San Francisco to stop off at Wolfe Creek, and also to pay a visit to the Yosemite Valley when in central California. He says there is ample accommodation, and the approach roads via Modesto and Merced are in good shape. Gasoline costs twenty cents a gallon in California, including road tax. He speaks of the generous service given to motorists, whether members or not by the automobile clubs of California.

Mr. and Mrs. Davidson left on the Anacortes ferry yesterday morning for the South, after a few hours in the city.

## HOME BUYERS NOW MAKING INQUIRIES

Real Estate Market is More  
Active

Irishman Buys Half of Pre-  
vost Island

More inquiries in real estate than for several months past is reported among real estate dealers in Victoria through an increasing number of persons looking for homes of the small type, mainly five or six rooms bungalows. With sales made and deal pending the month of April this year promises to be better than that of the preceding year.

Mrs. A. E. Craddock of North Pender Island, has completed a real estate deal whereby she has sold one half of Prevost Island, Gulf of Georgia, at the entrance of Plumper's Pass, between Vancouver and Victoria, to Digby de Burg of the County Limerick, Ireland. The land exchanged in the deal is 800 acres in extent.

The new owner and his three sons, who are ex-naval and ex-army officers, will arrive towards the end of June, it is expected, and they will establish themselves on Prevost Island, holding the father visited British Columbia twenty years ago and was so favorably impressed with the possibilities of the Gulf Islands that he made plans then to return at some time to the Pacific Coast.

Chief Justice Hunter has authorized the sale by the receiver, H. O. Montgomery, of the Nitinat cannery of the Lummi Bay Packing Company for \$35,000. The purchaser, F. O. Burkhart of Seattle has paid \$20,000 on an option, which expires May 26.

## YOUNG MAN CUT THROAT IN VANCOUVER

Vancouver, April 14.—Leaving a note for his mother asking forgiveness for his past rash acts, a young

man who gave the name of George L. W. Scovill attempted suicide in the St. Regis Hotel here at 6:15 a.m. yesterday by cutting his throat with a safety razor blade, police say. Scovill was rushed by the police to the General Hospital, where it is reported he

has a chance for recovery. The note was addressed to Mrs. W. E. Raymond, 159 St. Germain Street, St. John, N.B.

Scovill registered at the hotel on April 10.
